These curriculums are written for formal and non-formal educators of young children ages 3-7. The activities and experiences within provide an early foundation for developing positive impressions about the natural world, as well as lifelong social and academic skills.

Both guides correlate to the National Association for the Education of Young Children (NAEYC) criteria for curriculum and the Head Start Child Outcomes Framework.

Registration is required by Friday, October 17, 2014.

To register, contact park staff at (570) 403-2006.
